Minutes from the Peace Park Committee Meeting on Thursday 27th February 2025

- The green metal gate is now moved and repaired along with the railing. Additional railings are still needed to replace the split timber and wire fencing which runs to the old entrance. The gate needs new rubbers on the closers.
- P.L. Insurance for the park is in place.
- The Team has planted 2500 daffidil bulbs this fortnight.
- We will open the park once Mark Bickerstaff has got new rubbers on the gate, the brick outbuilding is padlocked closed. and the bog garden hole is lined and back filled.
- The Peace Park Committee will ask for donations of plants, sharing this on social media with a list of what plants we are looking for, and we put a small label identifying the species and credit the donor if they want to be acknowledged. Cash or bank transfer donations could be for a second plastic bench, although corporate donors could also be pursued for this.
- A few Holly trees still need lowering and trimming.
- No Dog Fowling and No Dogs Signs to be obtained through PC if possible.
- The Peace Park team will jet wash the path once the bulbs are all in.
- The Stone wall to be constructed where the park meets Welland Rise will be started later in the year.

Accounts

£2761.62 in the account currently, leaving ££141.62 once transfers are made to the Parish Council for the path surfacing.

thanks

Mark Bickerstaff

Chairman Sibbertoft Peace Park Charitable Trust
